### Polin Waterparks and Pool Systems

The latest product to be added to the Polin range is the King Cobra attraction, themed, as the name implies, on a cobra snake and providing a spectacular waterslide experience. The first version is due for installation in a new waterpark in the Ukraine, according to Baris Pakis, who also informed *InterPark* that another development the company is currently working on is a 5D cinema attraction with Kraftwerk for waterparks, which is due to be available around March 2011.
